

REMARKS

Figure 10 has been amended to delete reference numerals that are not discussed in the specification and Figure 15 has been amended to correct a typographical error therein. In addition, the attached clean and marked-up copies of a substitute specification correct minor and typographical errors in the specification without introducing new matter. Applicants submit that these amendments are needed for proper disclosure of the invention and would require no substantial amount of additional work on the part of the Office. Therefore, this amendment satisfies the criteria for entry of MPEP § 714.16 and such entry is respectfully solicited.

Applicants' undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 530-1010. All correspondence should continue to be directed to our below-listed address.

Respectfully submitted,
